Join Chirag P. Shah, MD, MPH, for one of the most important (non-medical!) things you will learn in medical school: how to navigate your personal finance. Dr. Shah co-authored a book on personal finance for physicians, "Financial Freedom Rx: The Physician's Guide to Achieving Financial Independence," and lectures to young physicians across the country. He is a vitreoretinal surgeon at Ophthalmic Consultants of Boston, and the Co-Director of the Vitreoretinal Surgery Fellowship.

This five-lecture series will be on Tuesdays starting October, 11th. Please bring all of your financial questions for discussion.
