

Equity and Social Justice Webinar The Use of SOGI Data in Research & Healthcare

DESCRIPTION:

Sexual Orientation and Gender Identity (SOGI) data is not yet universally collected by electronic health records, health systems, and researchers. Incorporating this data can help eliminate barriers to care, illuminate health disparities, and strengthen research. This discussion will focus on best practices in SOGI data collection and implementation.

PANEL SPEAKERS:

Alex Keuroghlian, MD, MPH

Associate Professor of Psychiatry, Harvard Medical School
Director, National LGBTQIA+ Health Education Center,
